Case quantity	**12**
Range	**Sealant, Tape & Valves**

Description

The Muc-Off Tubeless Rim Tape is made from our own proprietary performance material with a pressure-sensitive adhesive to provide just the right amount of stretch whilst maintaining the durability and strength needed to create a lasting airtight seal. It's semi-transparent material makes locating the valve hole easy. Supplied with 4x Seal Patches. Available in a 10m roll in 6 widths to suit most Road, CX, Gravel, MTB and Plus-sized rims. Why not also grab yourself a pair of our Tubeless Valves to go along with your tubeless setup.
