Inner Tube Sealant - 300ml

Item number MO-20216

Specifications

Discipline	**All disciplines**
Size	**300 ml**
Product type	**Sealant**
Case quantity	**12**
Range	**Puncture Repair & Inflation**

Description

Laugh in the face of punctures with our super lightweight but badass inner tube sealant! The Muc-Off No Puncture Hassle Inner Tube Sealant is easy-to-install and the cutting edge molecules seal holes in tubes of up to 4mm ensuring that your ride is uninterrupted! Our proprietary water-based non-hazardous formula was developed specifically for use with inner tubes and is compatible with a wide range of bikes. Whether you're commuting, out on a backpacking adventure, hitting the trails and everything in between, we have you covered! Suitable for inner tubes with Schrader Valves and Presta Valves with removable valve core only. Not suitable for tubeless tyres. Check out our tubeless sealant here
