C3 Dry Weather Ceramic Lube - 120ml

Item number MO-872

Specifications

Conditions	**Dry**
Size	**120 ml**
Made for	**Bicycle**
Case quantity	**12**
Range	**Bicycle & eBike Lube**

Description

C3 Dry Ceramic Chain Lube raises the bar when it comes to providing the ultimate lubrication. It provides total corrosion protection and unparalleled performance in dry, dusty and damp conditions. With added nano ceramic particles and synthetic polymers, C3 Dry Ceramic Chain Lube maximises your power output by reducing metal to metal contact to a ground breaking, low level and provides up to 10 times the performance of conventional chain oils and lubes. The Muc-Off R&D team definitely didn't cut corners when they brought the future of bike lubes to the masses. In fact, our team made sure the C3 Dry Ceramic Lube is safe by creating a biodegradable formula so you don't have to worry about yourself, your bike or the planet. The new C3 Dry Ceramic Lube is available in 50ml and 120ml so whether you're in the workshop, on the road or hitting the trails, we've got you covered.
